Riviera Beach, FL - The Port of Palm Beach was pleased to sponsor a community toy drive this year to benefit Glades area children.

“The Port of Palm Beach is honored to be taking an active role in the food drives and other efforts to support local communities,” said Port of Palm Beach Chairman Wayne M. Richards, who was on hand today for the toy drive delivery preparations. “This is a reflection of the Port’s continued commitment to the communities in the Port District.”

“With assistance from our Commissioners, employees, tenants, visitors, and the community, the Port purchased and/or collected over 320 toys for the children; a new record for the Port toy drive,” said Executive Director Manuel Almira.

Port staff is set to deliver the toys to a central distribution center in the Glades tomorrow morning where families from the cities of Belle Glade, Pahokee and South Bay will receive the toys in time for the Christmas holiday.
