## **CBP PRESENTS NEW PORT SECURITY TECHNOLOGY AT PORT OF PALM BEACH**

**Riviera Beach, FL --** U.S. Customs and Border Protection along with Port of Palm Beach port authority will give South Florida a first look at the mobile Radiation Portal Monitors (RPM) that will be operating at the port. The new monitors are designed to detect radiological emissions coming from containers exiting the port. There will be a press conference and media photo opportunity of the RPMs.

**EVENT:** Radiation Portal Monitor Press Conference & Photo Opportunity

**DATE:** Friday, August 31, 2007

**TIME:** 11:00 am  
**\*\* Media must meet at 10:30 am sharp for security clearance.**

**LOCATION:** 821 Ave E, Building #D, Riviera Beach, FL 33404  
Port phone number: (561) 844-4393, Ext. 226  
**\*\* Please come to the Port's Main Security Gate at the Martin Luther King Blvd. entrance off Old Dixie to be properly processed and escorted.**

**WHO:** Speakers: Harold Woodward, Director of Field Operations, Miami  
U.S. Customs and Border Protection and Lori Baer, Executive Port Director,  
Port of Palm Beach.
