

200 Martin Luther King Jr. Blvd. Riviera Beach, Fla. 33404-7506

To whom it may concern,

As the Operator of the Port's Foreign Trade Zone, and largest warehouse in the Port of Palm Beach, we are concerned about any potential disruption in service.

The failure of Slip 3 would be just such an occurrence. As Ships jockeyed for space, shipping schedules would be disrupted. This would adversely affect our main business, which is supplying Food to our companies in the Leeward Islands.

Much of what we ship is perishable and any delay in delivery would allow a competitor, shipping from another Port, to have fresh Produce to sell. As a result, we would lose the Sales and our reputation for reliability.

Your help in preventing this occurrence would be much appreciated.

Terry Collier, Pres.
