TIGER Grant Application Reviewers,.

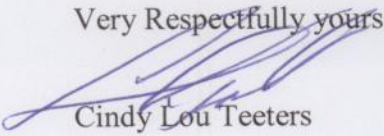

Teeters is one of the longest, most established users of Palm beach County's Port. For over 40 years We are family owned and operated. (Pioneering movers of waterborne cargo).

Teeters handles a host of commodities that are not handled by other ports. Teeters also is one of the very few major shippers to out ports in Haiti, and as such, they have played a key role in helping to bring economic hope and stability to one of the most challenging countries in our hemisphere.

Teeters multifaceted operations are completely dependent on the continued and expanded use of Slip 3 at Port of Palm beach. Teeters has invested heavily over the years in their operations at the port. Moreover, Teeters is poised to purchase a third vessel to increase cargo volumes through Port of Palm beach to Haiti, but they MUST have assurance that Slip 3 will be not only refurbshibed but also expanded for heavy use for the next 50 years.

Teeters strongly supports the funding request being made by Port of Palm beach for Slip 3.

Very Respectfully yours,

Cindy Lou Teeters

Exec. V.P.
