SUBJECT: Peanut Island Update

BACKGROUND: According to Eric Call, Director of Parks and Recreation for Palm Beach County, the cost of the Structural Study at Peanut Island, which was awarded to Weitz Company, will be finalized by March 10, 2018. The total cost of the study is \$9,500; the Port of Palm Beach's portion is \$4,750. The Port of Palm Beach Board approved our portion to be up to \$20,000 for the study. We will be invoiced by the company performing the study.

Port Staff plans to have a second public meeting regarding the use of Peanut Island. The goal of the meeting is to provide an update to all participants and to determine if there may be other concerned parties from the private sector who may have an interest in developing the structural facility at Peanut Island, particularly the pier which must be rebuilt before it can be utilized.
